

## How to Disable a Pop-Up Blocker – Mozilla Firefox

## How to Disable a Pop-Up Blocker – Mozilla Firefox

The screenshot shows the Mozilla Firefox browser window with the 'Options' dialog box open. The 'Content' tab is selected, and the 'Block pop-up windows' checkbox is checked. Two red arrows point to this checkbox. The background shows the Council for Professional Recognition website with a navigation menu, a main banner for 'The CDA Community', and a footer with 'Quick Links' and 'New at the Council' sections.
