Early Educators Leadership Conference

OCT 5-8, 2021 | LEESBURG, VA

Soar Above the Competition!

The annual Early Educators Leadership Conference (EELC) brings together a concentrated network of 200+ national and international early childhood professionals, policymakers and program leaders dedicated to advancing the field of early childhood education and improving the lives of young children and families.

Our attendees come seeking professional development, as well as new opportunities to extend and strengthen the reach of local and federal early care networks. With three days of general sessions, panels and workshops, attendees are constantly gaining knowledge and skills, sharing best practices and networking with early childhood professionals from around the world.

EELC provides a unique opportunity for conference sponsors to enhance their brand recognition, engage with attendees about their services and provide collateral for continued post-conference engagement and learning.

EELC is a breeding ground for attendees, speakers and sponsors alike to impact change, grow professionally and evolve into new areas, networks and systems.
