### Partnership

**Wisconsin Head Start-State Collaboration Office:** Located in the Department of Public Instruction, Head Start Collaboration Office supports the development of Head Start participation in multi-agency, public/private partnerships to benefit low-income children and families at the state and local levels. A priority area for the Head Start Collaboration Office is to work with local partners such as institutions of higher education and professional organizations such as the Council for Professional Recognition to assist in the development of and support for high quality career development opportunities for early childhood educators.

### CDA® Training

- **National CDA Training - Wisconsin:** National CDA Training provides Infant-Toddler CDA and Preschool CDA training using a scenario-based method. National CDA Training also offers training for the Infant-Toddler CDA and Preschool CDA renewals.
- **Successful Solutions Professional Development CDA Training:** Successful Solutions offers two Online Training Delivery Methods: self-study and Virtual Classroom. **Wisconsin** Child Care Courses Options include CDA Credential, CDA Competency, and CDA Renewal training.
- **Care Courses - Wisconsin CDA Training:** Care Courses CDA training program includes online CDA Credential Training and online CDA Renewal Training.
- **ProSolutions Training - Wisconsin:** ProSolutions offers online training for the Infant-Toddler CDA, Preschool CDA, Family Child Care CDA, and Home Visitor CDA, and online CDA Renewal Training.

## State Scholarship Opportunities

- **Wisconsin Early Childhood Association (WECA), T.E.A.C.H. Early Childhood Wisconsin: WECA** provides a substantial portion of the CDA credential assessment fee.

## What is the CDA®?

The Child Development Associate® (CDA) Credential™ is the most widely recognized credential in early childhood education (ECE) and is a key stepping-stone on the path of career advancement in ECE.

The CDA credential is based on a core set of competency standards, which guide early care professionals as they work toward becoming qualified teachers of young children. The Council works to ensure that the nationally transferable CDA is a credible and valid credential, recognized by the profession as a vital part of professional development.

CDAs have knowledge of how to put the CDA Competency Standards into practice and understanding of why those standards help children move with success from one developmental stage to another. Put simply, CDAs know how to nurture the emotional, physical, intellectual, and social development of children.

Earning the CDA credential has many advantages, including exposure to the larger community of early childhood educators. **Over 800,000 CDA credentials have been issued to date!**

Becoming a CDA is a big commitment, but one that creates confident practitioners with command of today's best practices for teaching young children.

## Meet the Council

The Council for Professional Recognition promotes improved performance and recognition of professionals in the early childhood education of children ages birth to 5 years old. The Council recognizes and credentials professionals who work in all types of early care and education settings including Head Start, pre-k, infant and toddler, family child care, and home visitor programs. As a nonprofit organization, the Council sets policies and procedures for assessment and credentialing. For more information, visit [www.cdacouncil.org](http://www.cdacouncil.org).
