## Partnership

- The **North Dakota Head Start State Collaboration Office** is located in the Office of Early Learning in the Early Childhood Division of the Department of Human Services. A major goal of the Collaboration Office is building early childhood systems and enabling access to comprehensive services and support for all low-income children and their families. A priority area for the Head Start Collaboration Office is to work with local partners such as institutions of higher education and professional organizations such as the Council for Professional Recognition to assist in the development of and support for high quality career development opportunities for early childhood educators.

## CDA® Training

- **Child Care Aware® of North Dakota:** Child Care Aware offers Virtual Face-to-Face, Online Self-Paced, and Online Instructor-Led training in the CDA Subject Areas for the Infant-Toddler, Preschool, and Family Child Care settings.
- **ProSolutions Training – North Dakota:** ProSolutions offers online training for the Infant-Toddler CDA, Preschool CDA, Family Child Care CDA, and Home Visitor CDA, and online CDA Renewal Training.
- **Successful Solutions Professional Development CDA Training:** Successful Solutions offers two Online Training Delivery Methods: self-study and Virtual Classroom. **North Dakota** Child Care Courses include CDA Credential and CDA Renewal training.
- **National CDA Training – North Dakota:** National CDA Training provides Infant-Toddler CDA and Preschool CDA training using a scenario-based method. National CDA Training also offers training for the Infant-Toddler CDA and Preschool CDA renewals.

## State Scholarship Opportunities

- **Child Care Aware® of North Dakota:** Child Care Aware provides qualifying applicants with CDA Scholarships that cover the cost of the online CDA application fee and the cost of the online CDA Renewal application fee.

## What is the CDA®?

The Child Development Associate® (CDA) Credential™ is the most widely recognized credential in early childhood education (ECE) and is a key stepping-stone on the path of career advancement in ECE.

The CDA credential is based on a core set of competency standards, which guide early care professionals as they work toward becoming qualified teachers of young children. The Council works to ensure that the nationally transferable CDA is a credible and valid credential, recognized by the profession as a vital part of professional development.

CDAs have knowledge of how to put the CDA Competency Standards into practice and understanding of why those standards help children move with success from one developmental stage to another. Put simply, CDAs know how to nurture the emotional, physical, intellectual, and social development of children.

Earning the CDA credential has many advantages, including exposure to the larger community of early childhood educators. **Close to one million CDA credentials have been issued to date!**

Becoming a CDA is a big commitment, but one that creates confident practitioners with command of today's best practices for teaching young children.

## Meet the Council

The Council for Professional Recognition promotes improved performance and recognition of professionals in the early childhood education of children ages birth to 5 years old. The Council recognizes and credentials professionals who work in all types of early care and education settings including Head Start, pre-k, infant and toddler, family child care, and home visitor programs. As a nonprofit organization, the Council sets policies and procedures for assessment and credentialing. For more information, visit [www.cdacouncil.org](http://www.cdacouncil.org).
